REFLECTION QUESTIONS

Angel describes a variety of potential problems in his community that could interfere with his success. What are the distractions in your community that could interfere with your success? Why is it important to spend time strengthening the relationships that will help you avoid these negative distractions?

Choose a couple of words to describe Angel's relationship with his sister? Why did you choose these descriptors?

We briefly see a meeting of the leadership program that Angel mentions. Describe why you think the program is successful. Use examples from the video.

Identify the support networks that help you. Describe why these support networks are important to your success.
